

Equality information and objectives policy

## 1. Legislation

1.1 The Equality Act 2010 ("the Act") provides a modern, single legal framework with three broad duties:

- Eliminate discrimination;
- Advance equality of opportunity; and
- Foster good relations.

1.2 The Drayton Junior School fully understands the principle of the Act and the work needed to ensure that those with protected characteristics are not discriminated against and are given equality of opportunity.

A protected characteristic under the act covers the groups listed below:

- Age;
- Disability;
- Race, colour, nationality, ethnic or national origin;
- Sex (including transgender);
- Gender reassignment;
- Maternity and pregnancy;
- Religion and belief;
- Sexual orientation; and
- Marriage and civil partnership (for employees).

1.3 In order to meet our general duties, listed above, the law requires us to do some specific duties to demonstrate how we meet the general duties.

These are to:

- Publish equality information – to demonstrate compliance with the general duty across its functions - We will not publish any information that can specifically identify any child.
- Produce equality outcomes - to do this we will collect data related to the protected characteristics above and analyse this data to determine our focus for our equality objectives. This will include the following functions:

- Admissions;
- Attendance;
- Achievement;
- Exclusions; and
- Prejudice related incidents.

1.4 Our objectives will detail how we will ensure equality is applied to the services listed above however; where we find evidence that other functions have a significant impact on any particular group we will include work in this area.

We also welcome our duty under the Education and Inspections Act 2006 to promote community cohesion (see Community Cohesion Policy).

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

## 2. The Policy

2.1 Drayton Junior School's Equality Information and Objectives Policy draws together all previous equality legislation and details how the school is fulfilling the requirements of the Act.

## 3. Our Ethos

**CARE** is our core value.

As a church school, we value our Christian foundation, whilst respecting and welcoming those of different faiths and beliefs. We understand our vision and ethos as reflecting Christian values, especially in the central importance we attach to "care" – care for every member of the school community, and care for the wider community and for the world in which we live.

### Cherishing each individual

- We recognise the individuality of each child.
- Every child is given equal opportunity to develop intellectually, physically, socially, emotionally and spiritually in a happy, caring and ordered environment.

### Aiming for excellence in teaching and learning

- We support and challenge children to develop their abilities and talents by providing a broad, balanced and relevant curriculum, with recognition being made of children's individual needs.
- We help children acquire the essential knowledge, skills, concepts and attitudes that will enable them to take full advantage of all opportunities open to them.
- We support and challenge our staff to achieve the highest standards of teaching and learning.

#### Relationships built on mutual respect

- We believe this to be fundamental to achieving all our aims.
- We take our role in the community very seriously. We encourage children to make a positive contribution to a wide range of local, national, worldwide and Church communities.
- We enable the children to become valued members of the community, to develop social awareness and a respect for the needs, wishes, aspirations, opinions and belongings of others.

#### Experiences that enrich lives

- We want children to enjoy school life and to grow as people, developing self-confidence and self-discipline, to meet challenges now and in the future, and to develop a hunger for learning.
- We offer the opportunity for children to participate and develop in a wide range of ways; academically, creatively, emotionally, spiritually and artistically.
- Through the curriculum, music, visits, the performing arts, and sport.

### **4. Addressing Prejudice Related Incidents**

- 4.1 Drayton Junior School is opposed to all forms of prejudice and we recognise that children and young people who experience any form of prejudice related discrimination may fair less well in the education system. We provide both our pupils and staff with an awareness of the impact of prejudice in order to prevent any incidents. If incidents still occur we address them immediately and report them in line with Local Authority guidance.
- 4.2 Drayton Junior School will make reasonable adjustments to meet the needs of disabled pupils and implement an accessibility plan aimed at:
- (a) increasing the extent to which disabled pupils can participate in the curriculum;
  - (b) improving the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided; and
  - (c) improving the availability of accessible information to disabled pupils.
- 4.3 The school's leaders accept and welcome their responsibility to have due regard in decision-making and actions to the possible implications for pupils with particular protected characteristics. They will consider equality implications before and at the time that they develop policy and take decisions.

### **5. Responsibility**

- 6.1 We believe that promoting equality is a whole school responsibility.
- 6.2 How does the Drayton Junior School eliminate discrimination and other conduct that is prohibited by the Act, advance equality of opportunity between people who share a protected characteristic and people who do not share it, and foster good relations between people who share a protected characteristic and people who do not share it?

The school does this by measures that include:

- (a) for pupils - implementation of policies which promote equal opportunities (including equality, special needs, behaviour and anti-bullying);
- (b) for staff - recruitment and selection, pay and sickness/absence management policy;
- (c) Collective worship, PSHE, SRE, RE and other elements within the curriculum that promote friendship and understanding about cultures and lifestyles;
- (d) employing staff to support pupils with higher level special needs or disabilities,
- (e) monitoring of welfare, with intervention and support where required;
- (f) taking steps to meet the particular needs of pupils or staff that have a particular characteristic.
