Drayton C of E Junior School Curriculum Map

Year 6

Summer Term part 1&2

Blood-heart &Revolution

As **readers** we will be exploring adventure stories and how historical characters and events are portrayed. We will be using non-fiction texts to help in our Science topic

As **writers** we will be writing a balanced argument and an information text about the Victorian workhouse.

As **mathematicians** we will be learning about angles and shape, as well as revising key skills in preparation for high school. In Summer B, we will be exploring mathematical patterns in art and nature.

As **historians** we will be examining the changes made by Queen Victoria and the impact it has on our lives today. We will be asking how powerful Queen Victoria was and looking at how the power of monarchy has changed over time.

In **PSHE** we will be learning about how to take care of our mental health. We will examine how to recognise our emotions and investigate strategies to manage them. We will also be learning about puberty and conception.

As **artists** we will be learning about and creating some abstract art. We will also be learning facts about notable Victorian artists, such as William Morris, and comparing and contrasting the styles of Art Deco artists.

As **geographers** we will understand how coal and its transportation was fundamental to the industrial revolution.

In **DT** we will be investigating inventions related to health and medicine. We will also be designing, making and evaluating a model of a Victorian room.

In **computing** we will be learning about computer networks. We will be using our computer skills to create our own personalised yearbooks.

In **PE** we will be improving our skills in athletics and preparing for sports day. We will also be enjoying cricket, rounders and tennis.

In **music** we will be composing and rehearsing simple songs and preparing to perform our end of year production.

In **French** we will be learning how to talk about our hobbies and days of the week.
