Drayton C of E Junior School Curriculum Map

Year 6

Autumn Term part 2

Frozen Kingdom

As readers we will be inferring details about characters and identifying persuasive language techniques. As writers we will be writing an adventure narrative based on the style of the text and writing a persuasive speech about climate change.	As scientists we will be identifying how animals and plants adapt to suit their environment and classifying animals and plants into groups.	As mathematicians we will be covering key objectives from the National Curriculum including: • Multiply and divide fractions • Find fractions of amounts • Calculations with decimals • Solving ratio problems
In RE and World Views we will be looking at Christian Aid and trying to understand how religion can bring both peace and conflict.	As geographers we will be locating and understanding the significance of the Arctic and Antarctic circles. We will be comparing biomes and using Digimaps to label characteristics of different biomes. We will also be looking at climate change (English link)	As artists we will be using a range of paints to depict the Northern lights.
In PSHE we will be accepting that everyone is different and thinking of ways to include others when working and playing	In DT we will be cooking foods suitable for a polar expedition. We will also be researching, designing, creating and evaluating a cam toy.	In computing we will be creating and using spreadsheets.
In PE we will be we will be developing gymnastic sequences, playing competitive games such as handball, netball and yoga. Swimming will focus on survival skills.	In music we will be looking at music that influences political change.	In French we will be learning how to say places in a town and give directions.
